I would like to take the opportunity to introduce myself and my wife, and our new business. My name is Jeremy Holien, my wife's name is Jenn, and we are starting a new food truck here in the Sioux Falls community. We are introducing a new concept and are excited to share it. The name of our food truck and business is REDDERS, and we are taking grilled cheese to the next level!

We are excited to share this with the Sioux Falls and surrounding area, as nobody else has yet to do what we are doing. We will start our menu with a regular cheese sandwich and we have also come up with two stuffed sandwiches; bacon/cheese and ham/cheese sandwiches. We have even come a dessert sandwich that is something new and different as well. We will be offering seasoned fries and drinks to round out what we have to offer customers. We are extremely excited about our partnership with Stensland Family Farms and using the cheese that they make, in our sandwiches. By partnering locally with another family owned business, supporting each other is something that we will strive to continually do. Our goal is support our community and other businesses with in it.

A little background on myself and my wife. I am a 100% disable USAF veteran, I served for over 17 years before being medically retired from Ellsworth AFB in SD and my wife is currently working on her master's degree. Together we have a blended family, 4 children at home, 2 children on their own, and 1 granddaughter. We enjoy family time, UTV trails, hunting and staying active in the community, church and school events and active within our social circle. With four teenagers still in the house, there is always some event, sporting or scholastic, to go too.

I will follow up in 5-7 business days to see if there would be an opportunity for us to work together. I look forward to speaking with you. Feel free to reach out anytime with any questions you may have.

Thank you for your time,

Jeremy and Jenn Holien
